**YOU  
PROBABLY  
HAVE  
QUESTIONS**

After having seen our business model, you probably have two questions:

1. Can I do this?
2. Will it be worth it?

The answer to both of these questions is a resounding “YES”!

How can we be so sure? It’s because we know you don’t have to go at it alone. The Knights of Destiny will be there with you every step of the way.

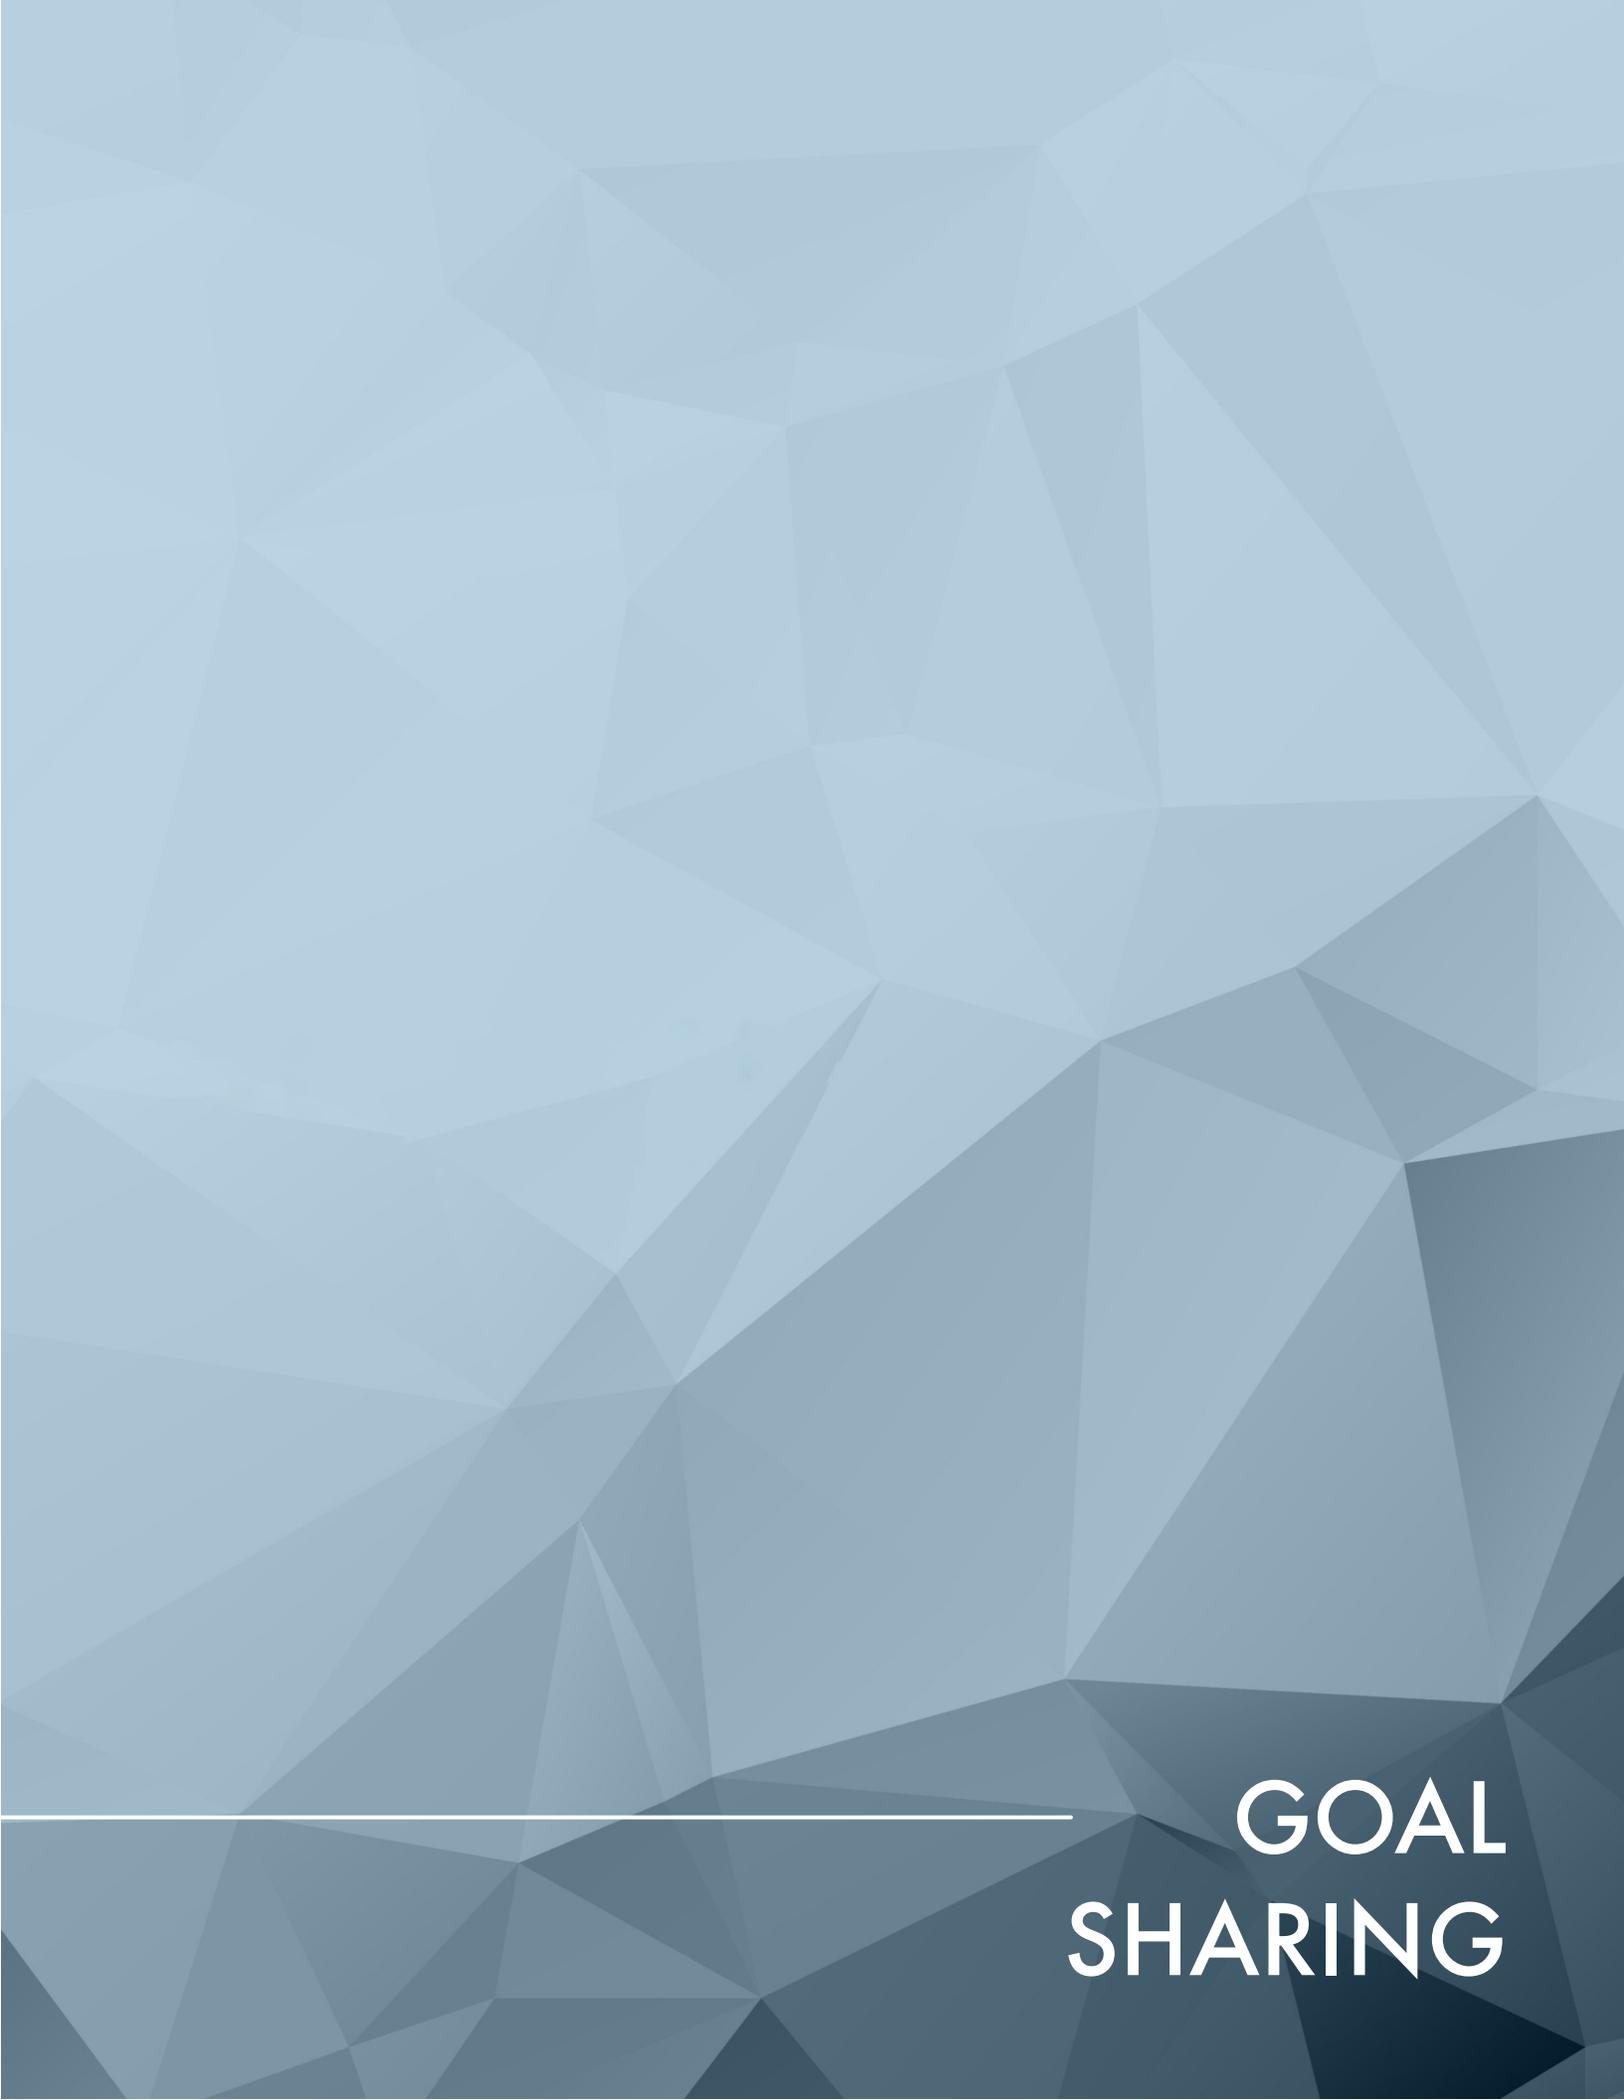

Knights of Destiny is a self-development leadership organization whose team members are prepared to be with you to help *you* help *yourself*.

Everyone has arrived where they are in life with the information that they have obtained up to that point, and through the people they have associated with. To get beyond that, or to get a different result, we all need more, or at least different, information. That information should be from those people who have gone before us - The Knights of Destiny team.

“

This team has fed me encouragement and praised my efforts consistently as members and leaders help baby step me through with clarity to be successful in learning to apply and teach the skills needed to complete the tasks with positive results.

**GOAL  
SHARING**

**Y**ou have probably been on a sports team or involved in a club or organization at some point in your life. Think back to how much more was accomplished when there was a team involved. That is what we have to offer in Knights of Destiny. Even though everyone may have very different goals, we all want the same thing. We all seek to attain our goals.

**O**ur team offers business seminars, education, and mentorship. What sets us apart through this growth process, is that we are also here to offer “hands-on” assistance. How many people have ever come into your life and asked you what YOU wanted? How many of those people ever offered to help you achieve it?

**T**he person that introduced you to this concept will only benefit financially as you do. Personal service, helping a person help another person, and then they help another, is the hallmark of our team. If you like to help other people, then you are in the right place, at the right time, with the right team and the right business model!

QUESTIONS TO  
CONSIDER

# Consider these four questions:

1. Why would you seek another way?
2. Are you willing to work for your “why”?
3. Do you have another way to get what you want?
4. Are you ready to get started?

In considering all of this, name three people you would be willing to help achieve their dreams:

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_
